# About Our Company

Leading the way in international logistics with innovation and reliability

## Your Trusted Partner in Global Trade

Choice International Export is a trusted international shipping and export logistics company in Nepal, providing reliable global trade solutions since 2010. We specialize in helping Nepalese businesses export goods efficiently to international markets through secure, compliant, and cost-effective logistics services. As a full-service export and freight forwarding company, we offer end-to-end solutions including international shipping, customs clearance, export documentation, cargo handling, and supply chain coordination. Our expertise spans air freight, sea freight, and land transportation, ensuring smooth movement of goods across borders. Our experienced logistics professionals work with a strong global network of partners to deliver shipments safely, on time, and within budget. By using modern tracking systems and proactive shipment management, we reduce delays, minimize risks, and maintain complete transparency throughout the shipping process. At Choice International Export, we focus on simplifying international trade for exporters in Nepal. We understand global regulations, customs procedures, and market requirements, allowing our clients to expand internationally with confidence and ease. Driven by trust, efficiency, and long-term partnerships,

of partners to deliver shipments safely, on time, and within budget. By using modern tracking systems and proactive shipment management, we reduce delays, minimize risks, and maintain complete transparency throughout the shipping process. At Choice International Export, we focus on simplifying international trade for exporters in Nepal. We understand global regulations, customs procedures, and market requirements, allowing our clients to expand internationally with confidence and ease. Driven by trust, efficiency, and long-term partnerships, Choice International Export continues to support Nepal's growing export sector by connecting local businesses with the global marketplace.
